

Honeydale[®]

UNPROCESSED - UNHEATED - SINGLE ORIGIN

ABOUT US

We are the best suppliers of Premium Raw Honey as well as filtered honey in India. We at Honey Dale are committed to provide our customers absolutely Pure Natural Unfiltered-Unprocessed Raw Honey at wholesale Prices all over the world.

Our Honey is single Origin which comes directly from the beehives with Minimal Handling.

We have different varieties of Mono Floral Honey naming Kashmir Honey, Himalayan Honey , Mustard Honey, Jamun Honey, Eucalyptus Honey, Tulsi Honey, Acacia Honey, Wild Forest Honey, Lychee Honey and much more.

We offer filter as well as Un-filtered honey in bulk options at discounted price.

WHAT IS HONEYDALE'S RAW HONEY ?

Raw Honey simply means honey in its pure & natural Form and that has been derived directly from the Honey bee Hive and bottled directly with minimal handling. Honey Dale's honey is not pasteurised (heated) or filtered like the commercial honey available in the market; It is only strained in an organic manner without filtering out highly nutritious pollen due to which it crystallises quickly (Cream Honey) making it the original and World best honey.

Honey Dale's raw honey comes from bees that feed on pure, natural flowers and herbs. These nutritional sources give you a one-of-a-kind taste experience and a powerful dose of the nutrients along with many other benefits of honey your body needs to stay healthy.

Essentially, honey dale is the first choice for original best honey in India as it is produced by honey bees where they are allowed to access just one type of flower. The honey they produce ends up being single-source or uni-floral rather than the regular poly-floral kind.

OUR PRODUCTS : HONEYDALE'S HONEY

We offer Un-filtered as well as Filtered honey in bulk options at discounted price.
